Description

Description: Kaiser Immobilien presents a beautiful stone house, adapted in true Istrian style.

The house is a combination of the past and the present, a combination of the autochthonous original appearance of former Istrian houses and the modern design that prevails today. This beautiful original house is located only 8 km from the city of Poreč and the first beaches. It is located in a small place that is very quiet and offers a comfortable and safe life. This beautiful renovated house consists of a ground floor and a first floor. On the ground floor there is a living room, kitchen and dining room, one bedroom and a bathroom. There is also one technical additional smaller room that can also be used as a storage room. On the first floor there are two more bedrooms with modern bathrooms. The charm of this house is the old stone walls of the past and the wooden beams on the ceiling, which give a special touch to the appearance of the house. The beams are original, but they have been redecorated and varnished and fit beautifully into the environment. In the yard of the house there is a swimming pool, 6x4, next to which there is a raised stone wall, thus providing complete privacy in the yard. There is also a summer outdoor kitchen that will brighten up your summer evenings and gatherings during warm summer days. The entire house was newly adapted at the beginning of 2023, and will be completely finished at the end of 2023. The interior of the house is already finished, ceramics, carpentry and sanitary ware, electric underfloor heating, mesh system, each bedroom has its own air conditioner. The pool and yard are just being finished. The size of the house is 133 m², and it is located on a plot of 538 m². This house is an ideal opportunity for a peaceful daily life in a quiet neighborhood or it can be used as an investment in terms of renting, given its geographically popular position. If you want this beautiful renovated villa to become your new home, contact the Kaiser Immobilien Poreč agency. ID CODE: 113-105
