Kaiser Immobilien mediates the sale of a newly built semi-detached house in the vicinity of Malinska, island of Krk. The building has a total living area of 97m², divided into two floors. On the ground floor there is a spacious living area of 40 m², which includes a living room, kitchen and dining room, as well as a storage room and a toilet. Internal stairs lead to the first floor where there are two bedrooms and a bathroom, and one master bedroom with its own bathroom and access to the balcony. The furnishing uses top-quality materials, floor and wall coverings made of top-quality Italian and Spanish ceramics, high-quality wood-colored PVC joinery, PVC blinds with an electric motor. Heating and cooling is done using a fireplace stove, electric underfloor heating in the ground floor and bathrooms, and Daikin air conditioning in all rooms. The external insulation of the building is Styrofoam 10 cm + final layer of acrylate and stone cladding on the ground floor, and 15 cm of insulation in the roof. All of the above results in extremely low energy consumption throughout the year. The roof of the building is an Italian Mediterranean tile with an antique appearance.
