Description

Description:

The real estate agency Kaiser Immobilien from Opatija is exclusively putting on the market a detached house located only 8 km from the coast of the Opatija Riviera. The house is located in an extremely quiet location and is ideal for a relaxing life or recreation. The surroundings of Opatija are ideal for those looking for peace and privacy. The simultaneous proximity of the sea coast, the Učka nature park and the expressway to Istria, Rijeka, Zagreb, Ljubljana and other destinations makes the location very attractive and practical for various needs. The house itself consists of 2 separate apartments, each with an area of approximately 100 m². On the high ground floor there is an entrance hall, toilet, bathroom, kitchen, 2 spacious bedrooms and a large living room with a terrace. The heating is on solid fuels and the house has 2 chimneys for these needs. The house is supplied with city water supply, electricity (including a three-phase connection) and a telephone with an optical cable. There is no sewage system in the settlement, so the house has a septic tank, and preparatory works for its expansion have also been carried out. An external staircase leads to the attic, which offers a beautiful open space with lots of light, 3 skylights, 2 balconies and a separate bathroom with toilet. Below the ground floor, there is an additional separate room that can be adapted to the different needs of the new owners, as well as space for a future boiler room/engine room. Next to the house, a shaft was dug for the future cistern for rainwater with a volume of 75 m³, which is an excellent ecological option for water conservation. The house represents a very solid starting point for completion exactly according to the ideas of the future owners. The roof is in excellent condition, the house is dry, and the moisture in some places from the recent rains would be permanently solved by finishing the facade and replacing the windows and shutters. This property offers a unique atmosphere, hidden from the outside world thanks to the untouched nature that surrounds it. With endless potential and a fantastic location, this is an opportunity that will allow you to enjoy life and forget about all the worries of everyday life.
