Description

Description:	Kaiser Immobilien offers for sale a beautiful luxury modern villa in the heart of
--------------	---

Istria. This renaissance town has three names, Svetvinčenat, Savičenta and San Vincenti, it is one of the jewels of Istria with a rich tourist offer and numerous events that take place in the extraordinarily attractive historical spaces of this town. There is also the most important fortress of the Venetian army of that time in Istria, the Morosini-Grimani castle. This special town with a rich tradition attracts many visitors every year to the famous Medieval Festival, Cheese Festival, Dance Festival and non-verbal theater. This new unique detached villa with a view of the sea has sprung up right near this Renaissance town. The villa is located on a plot of 2676 m², surrounded by pure nature and greenery. There are no other buildings in the surroundings of the villa, so because of this and because of the untouched nature itself, the villa offers complete privacy. The villa consists of a ground floor and a first floor. On the ground floor of the villa there is a spacious living room, connected to the kitchen and dining room. The entire space offers a beautiful view of the pool and nature in front of the house due to the glass walls that open up the space significantly. There is an exit to the terrace and the pool. Climbing the stairs inside the villa, we come to the first floor where there are three bedrooms with their private bathrooms. The main room, the master room, has its own extended balcony on the front of the villa, which offers you a truly relaxing view of the sea and untouched nature in the distance. Inside the villa there will be heated floors that function via a heat pump, and the entire villa is insulated with siporex. The plan is to arrange the entire environment of the villa, which is included in the price. If you want this unique new modern villa to become your new Istrian home, contact your agent.
