Description

Description:	Agency Kaiser Immobilien represents building land in the vicinity of Dobrinje on the island of Krk. The land is located in a quiet location. It is geographically located in the middle of the island of Krk, which thanks to the fact that it has an asphalted road means that it is connected to all the surrounding places, and it is only 10 kilometers away from the town of Krk. The land has two access roads, with utilities (electricity and water) in the immediate vicinity of the field, and on the plot itself it is possible to build two residential buildings (ground floor + first floor) from which there will be a view of the sea. The distance from the sea is 7000 meters. While there are shops, a playground, a school, a post office and public transport in the immediate vicinity, the town of Krk is just a 10-minute drive away, offering numerous possibilities.
