Description

Description:

Kaiser Immobilien presents a house for sale in a quiet place with only a few houses, and a fabulous view of the surrounding hills is offered from every corner of the property. The basic characteristics are the maximum use of space, natural and authentic materials. Respecting the traditional autochthonous values and the architecture of the Istrian heritage, a real little paradise was created from the old stone Istrian house, with an elegantly and functionally designed interior and exterior. During the reconstruction, Istrian stone and new technologies were used. All surfaces in the house and the pool are made with the concrete technique. Built-in elements and cabinets made of oak wood are made to measure. Underfloor heating, air conditioning and a fireplace are installed. The house consists of two floors. On the ground floor, in an open concept space, there is a kitchen, dining room and living room. There is also a sauna on the ground floor with a beautiful view of nature and the surrounding hills. There are two bedrooms and two bathrooms on the first floor. On the fenced garden with a view, there is a heated swimming pool of 24 m² and a sunbathing area. Privacy and location make this property an ideal opportunity for a peaceful family life as well as an investment for the purpose of tourist rental. ID CODE: 114-051
