beautiful beaches, and surrounded by the scents of nature. The town of Lun is located on the extreme northwestern part of the island of Pag. It is an ideal place for vacation due to the mild Mediterranean climate and relaxing silence. It is known for its unique olive groves that have been preserved for a thousand years and were declared a botanical reserve in 1963. These wild olive trees, surrounded by rock and the sea, have been resisting the harsh storm for years. Relaxing in the shade of these thousand-year-old trees is what attracts many people to Lun, so in our offer we definitely recommend this beauty, which is located on a closed property with an area of 4000 m², while the villa itself has an area of 290 m² and is spread over 2 floors, ground floor and the first floor. This private villa with an outdoor swimming pool is surrounded by old olive trees, which are the main feature of the historic village of Lun, and its landscaped walkways offer the pleasure of long walks or bike rides. Thanks to the large garden, guests have guaranteed privacy thanks to the renovated drywall surrounding it. On the surface of the garden there are centuries-old olive trees, as well as an olive grove with young olives. Also, this villa for rent is surrounded by numerous other Mediterranean plants: pines, cypresses, oleanders, lavender, rosemary, laurel, immortelle... A beautiful spacious yard, equipped with a swimming pool (15 x 5 m) surrounded by deck chairs and an outdoor shower, will provide you unforgettable moments of relaxation with the sun and untouched nature. Next to the pool is a covered part of the yard where there is a dining table for 10 people where you can season your meals with homemade Pag oil. From the courtyard you enter the ground floor, where you first find a fully equipped kitchen and a living room with an indoor fireplace. This entire space has direct access to the terrace. The stairs go up to the first floor where there are bedrooms, which have access to the balcony where there is a place to sit and enjoy the first morning coffee and soak up the first rays of the sun. The distance of the villa from the sea is 250 m, and from the city center 1 km. Due to its characteristics, it rightfully belongs to exclusive real estate and as such is a real value on the market and proudly awaits its buyer.
