the house with a large terrace and a corresponding part of the garden. The apartment is entered via an outdoor staircase, which first leads us to a spacious glazed veranda, which can also serve as a winter garden. This is followed by the main entrance to the apartment with a central corridor, from which we gradually enter the dining room with a smaller separate kitchen, a bathroom and a total of five bedrooms. Two of these bedrooms have their own south-facing balcony with partial sea views. All rooms are spacious, airy and bright, walls without cracks and moisture, everything is clean and in very good condition. The apartment is furnished with period furniture, there are wooden parquets and ceramics on the floors, everything is clean and well maintained. The apartment also has a large terrace with an area of approx. 40 m² facing north with a partial view of the sea and a rainwater tank (for watering the garden, the water is shared with the apartment located on the ground floor). To the apartment also belongs a large part of the garden with an area of approx. 370 m² and a half of a wide driveway, on which several cars can be conveniently parked in the shade under the vines. The house itself is of an older date, but otherwise it is in really very good condition and everything is regularly maintained. The house is located in an excellent peaceful location, just a few steps from the city center with all amenities, restaurants, cafes and public transport, as well as from the coastal promenade and beaches. A great property with great potential at an affordable price, ideal for a peaceful family life or a suitable investment for the future.
