Description

Description:	Due to the influence of Mediterranean vegetation with rich forests, geographical location, the sea and a large amount of solar energy, the area of Malinska and its surroundings (Dubašnica) has a very favorable climate and represents the most pleasant climate on the island of Krk. In addition to delighting tourists from various parts of Europe and the world, this favorable climate with a high concentration of aerosols is beneficial in the treatment and rehabilitation of the respiratory tract. Kaiser Immobilien presents this excellent apartment, first row to the sea. It consists of a hallway, kitchen with dining room and living room, two
