Description

Description:	<p>In a small town a few kilometers from Momjan, there is this beautiful renovated autochthonous Istrian house. It is located on the hill itself with a panoramic view of the surrounding hills, greenery and the sea. The house has been renovated, but the autochthonous style of construction has been preserved so that the stone walls and wooden details come to the fore. On the ground floor there is one bedroom, a tavern, a fireplace and a toilet under the stairs. The first floor is reached by external stairs to the terrace where there is a large living room, kitchen and toilet. On the top floor, there are three bedrooms and two bathrooms, and the external stairs lead to the roof terrace, which offers a unique view of the sea, nature and the surrounding hills. Due to its exceptional autochthonous appearance, the house is ideal for all lovers of Istrian stone houses who are looking for originality. Considering the location, the house is a real opportunity for vacation, year-round residence or for use for tourist purposes. ID CODE: 300391030-308</p>
