Description

Description: Kaiser Immobilien presents a stone house in a row, located in a quiet location of Gornja Drenova, surrounded by greenery, and yet only a few minutes' drive from important facilities - school, kindergarten, post office, health center and pharmacy.

The house consists of two apartments with separate entrances and a common tavern, ideal for a family or the possibility of renting. On the ground floor there is a smaller apartment that includes a kitchen and a room, while on the first floor there is another apartment with a kitchen, two bedrooms, and a living room that has been converted into an additional bedroom. In front of the house there is a yard with a woodshed, while below it stretches the garden, which offers the potential to create a terrace or a corner for children to play and socialize. The property requires adaptation, so two separate apartments or a two-story apartment with three spacious bedrooms are possible. Each apartment has its own meter, a new roof was installed and a new chimney was built. The south side of the house is equipped with aluminum shutters and an aluminum entrance door on the ground floor. If you are looking for an antique with a soul, which you can adapt to your wishes, this could be the opportunity you have been waiting for.
