Description

Description:

COSTABELLA, BIVIO, KANTRIDA- exclusive penthouse 129.54m², 100m from the sea, beautiful view - APARTMENT 4 APARTMENT 4 - Three-room apartment, located in the zone of the 2nd floor with a spacious covered balcony and loggia. Auxiliary spaces consist of a separate storage room and 2 closed parking spaces. IDEA OF THE PROJECT: The project represents a vision of housing construction that focuses on modern solutions and quality of life in apartments. DESCRIPTION AND ORGANIZATION: The entire building on its 4 floors accommodates four apartments of different square footage and a basement with garage space. For parking purposes, the majority of parking spaces are located inside the basement floor, which will have been prepared for charging electric cars, i.e. channels for electricity supply have been installed. If the owner of the apartment needs a charging station, all he has to do is run the cables and get the power for electricity. In addition to parking in the basement or on the lot, each apartment is assigned its own storage room. The main entrance to the building is located on the ground floor, which is reached by an external staircase. The apartments are accessed via a communication vertical within which the staircase and elevator are closed. When designing, the investors were guided by the idea that all apartments should have living spaces facing south or west with the possibility of exiting to the outside, to give the apartments maximum privacy and the possibility of a view. They organized the apartments so that the spaces are used as well as possible and suitable for storing wardrobes or other things. Each apartment has a place for a wardrobe in the entrance area, in addition to the spacious wardrobes in all bedrooms. LOCATION: The plot is located in Costabella - Bivio, which is a very attractive location due to its location in relation to Rijeka, Opatija, the proximity of the sea, the ring road and other facilities. The facility is located in the western part of the city of Rijeka. The immediate proximity to the sea within walking distance offers the opportunity to make the most of the summer season, fresh air and a panoramic view of the Kvarner Bay. The location is very well connected with expressways and highways to other parts of the city, Istria, the rest of Croatia and surrounding countries. To the west of the location is Opatija, accessible via the main road directly next to the enclosure. Opatija is famous for being a very famous tourist and therapeutic destination, which is also called the "pearl of the Adriatic coast". Social facilities such as kindergartens, schools, sports halls, and shops are located within a radius of 2 km. This property is 100 meters from the sea as the crow flies, or 1 minute on foot. A property from which you can literally walk to the sea and the beach in one minute! A UNIQUE PROPERTY DEFINITELY WORTH YOUR ATTENTION IN A GREAT LOCATION!!!
