Description

Description: ISTRIA, LABIN - Land with building permit On the southeast coast of Istria, where green hills meet the sea, where nature and heritage meet, there are two towns of similar size but with different but mutually complementary characters - Labin and Rabac. The picturesque town of Labin rises on a hill 320 meters high, only four kilometers from the white pebble beaches in Rabac. Intertwined with rich history and mining that marked this region, Labin, which was declared an independent republic for a short time, is today a fascinating city of contradictions; old and new, history and present, tourism and art. In the suburbs of the town of Labin, there is a plot of land for sale with a building permit. The land is located in a gentle settlement with vacation homes and family homes, offering a perfect balance of rural surroundings and proximity to the sea and urban facilities. The cadastral parcel has a regular rectangular shape, the terrain is flat and clean, it is accessed by an asphalted road, and the power and water infrastructure connections are located on the terrain. The land has a building permit for the construction of a residential building with paid utility and water contributions. The project envisages the construction of an attractive family house with one residential unit, which, with

its appearance and style, fits into the existing environment and landscape. This land offers an exceptional opportunity to build a family home or holiday home. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions: <http://www.dux-nekretnine.hr/opci-uvjeti-poslovanja> ID CODE: 34049
