Description

Description:

Opatija, Pobri - Luxurious three-story apartment with gym/wellness, garden, swimming pool, garage and sea view The real estate agency Kaiser Immobilien from Opatija is putting on the market a beautiful three-story apartment for rent in a new building located in the settlement of Pobri, just a 5-minute drive from the center of Opatija and the coast. The apartment is part of a project of two buildings, each of which includes three units with their own garden and swimming pool. The concept and size of the apartments give the impression of villas in a row rather than apartments, which is additionally emphasized by the layout and orientation of individual units within the building, which guarantee a high level of independence and privacy. Apartment A is located in building number 1, which has a southwest orientation. The total living area of the basement, ground floor and first floor is 269.77 m². In the basement (87.74 m²) there is a large garage / storage room (42.35 m²), a gym / wellness area, a bathroom and an engine room. The ground floor (90.62 m²) has an entrance hall, toilet, hallway, first bedroom with its own bathroom and a large living room with kitchen, dining room and living room. On the first floor (91.41 m²) there are two more bedrooms, each with its own bathroom, and a study (9.24 m²). The master bedroom has its own wardrobe and a covered terrace of 20.96 m². The apartment has a garden with already planted greenery and a swimming pool, as well as additional parking spaces in the common garden in front of the building. During the construction and furnishing, extremely high-quality materials were used, and the overall standard of the project is at a really high level. All living rooms have underfloor heating, which, in addition to heating domestic hot water, is powered by its own Vaillant heat pump located in the boiler room / engine room. Daikin multi-split air conditioners are installed in all rooms for the needs of heating in transitional periods and, above all, cooling. On the floors of the living areas there are first-class high-gloss, large-format ceramic tiles, while the bedrooms and dressing rooms have high-quality three-layer oak parquet. All bathrooms and toilets are equipped with first-class ceramics (Villeroy Boch sanitary ware, Grohe fittings). Windows and doors are ALU/PVC, all windows have electrically operated blinds. Preparations for the solar power plant have also been completed. The apartment is rented fully furnished and ready to move into. The building is oriented to the southwest and the apartment is therefore sunny from early morning to late afternoon. A beautiful view of the sea from the ground floor and first floor. Proper documentation, clean title deed, use permit, no encumbrances. The monthly rent is 3,500 euros plus utilities.
