Description

Description:	<p>We are mediating the sale of attractive agricultural land located in Seget Gornji, on gently sloping terrain. It is only 4 km away from Trogir, in the Gornje Kesičino area. According to the current spatial plan, part of the land is located outside the construction zone and is classified as commercial forest land and other agricultural land, while approximately 400 m² is within the construction zone, allowing for the purchase of that section as well. The total land area exceeds 11,000 m². The price is €80 per square meter, with the option to choose the desired area and position for purchase. For buyers interested in purchasing the entire area, the price is negotiable. The land has an almost regular shape, and nearby are holiday homes and luxury villas with swimming pools, further increasing its investment potential. One of the main advantages of this property is its excellent location with stunning views of the Adriatic Sea and the islands, including Trogir, Čiovo, Kaštela Bay, and the open sea.
