### Description

## Description:

POREČ, Detached House with Pool Near the City The city of Poreč is located on the western coast of the Istrian peninsula. During Roman times, Poreč received its first city walls, with the entire city being walled except for the western side, the tip of the peninsula, where the Temple of Neptune or Jupiter was located. Due to its outstanding geographical position, as well as its natural and cultural beauty, today it is one of the strongest tourist centers in Croatia. The main economic sector is tourism, which positively correlates with trade, construction, and agriculture. In close proximity to the city of Poreč, this beautiful detached family house of 138 m<sup>2</sup> is available. The house was built in 2021 with great attention to detail and excellent material quality since the owners built it for themselves. It spans two floors: Ground floor – hallway, bathroom, internal storage, toilet, bedroom, kitchen with dining area and living room, covered terrace, and boiler room. First floor – two bedrooms, two bathrooms with toilets, and a spacious terrace. The house has a beautiful fireplace that can be used to heat the house, but there is also the option of central heating and air conditioning units. In the yard, there is a 7x3.5 m pool, a summer kitchen with an outdoor dining area, and three parking spaces. This exceptional property can serve as an excellent home or a profitable business in tourism for its future owner. ID CODE: IS1514082
