Description

Description:	<p>Exclusively in Dogma real estate! An attractive plot of land of approximately 10,000 m² is for sale, located along the wine tourist road in Radovac, which represents a real oasis of peace and beauty. This beautiful property has its own forest of mostly beech, oak and ash (approx. 2,400 m²) and a picturesque stream that creates an ideal place to escape from everyday life and enjoy the realm of nature. The land is agricultural, but there is a possibility of conversion into construction land. There is potential for the construction of a family home, cottage or tourist facility for those who want to combine natural beauty with construction possibilities. It is ideal for tourist projects because it is located in the heart of a wine-growing region, known for its natural beauty, and close to wine cellars and tourist attractions. Electricity and water are available with the land. A special advantage is the interesting location, i.e. only 5 km from Cestica and all facilities (school, kindergarten, shop, post office, clinic, pharmacy and public transport), 7 km from the Croatian-Slovenian border and 19 km from the city of Varaždin. For all additional information and an agreement to view the land, please contact me with confidence and do not miss the opportunity to become the owner of this interesting land.
