Description

Description:	<p>For sale is an attractive plot of land with a small house of 76m², situated on a parcel with a total area of 698m², in a quiet part of a picturesque village with stunning views of Kaštela and the Adriatic Sea. This property offers an ideal opportunity for those seeking peace and tranquility while still wanting to be close to Split and all necessary amenities. The existing house offers the possibility of renovation but also presents an excellent opportunity for families who want to build their dream home according to their own ideas. Since the land is located within a construction zone, there is the option to demolish the existing house and build a modern villa or family home. The land is already equipped with electricity and water, and the entire plot is fenced, ensuring privacy and security while allowing for additional customization to your own preferences. In addition to the beautiful views of Kaštela and the sea, the outstanding location offers proximity to nature, opportunities for hiking, cycling, and quick access to all urban amenities in Split. Just a few minutes' drive by car provides quick access to shopping centers, schools, kindergartens, restaurants, cultural landmarks, and more. With its location and potential, this property represents a unique opportunity to create your perfect home. Feel free to contact us today!
