Description

Description: For sale is a renovated apartment in Stoja, with a total area of 71.96 m². Located on the ground floor, this apartment offers a comfortable and practical living space. It consists of two spacious bedrooms, a living room, kitchen, elegant bathroom, and a hallway. It is situated in an older building, but don't worry - the apartment has undergone a complete renovation process this year. Everything has been carefully adapted, including water, electricity, heating, and plumbing installations. Additionally, the apartment has received new plaster, flooring, and suspended ceilings. We would like to highlight that it is equipped with underfloor heating for extra comfort during colder months. The apartment is being sold unfurnished, giving you the opportunity to decorate it according to your own preferences and style. You have the chance to create your own space that reflects your personal taste and aesthetics. The location of the apartment is excellent, with proximity to all necessary amenities such as shops, restaurants, schools, and parks. Furthermore, public transportation is nearby, allowing easy access to other parts of the city. For more information and to arrange a viewing, feel free to contact me. ID
