and high construction standards are used in the construction of the building. The building will have three floors (ground floor, 1st floor, and 2nd floor) with a flat impermeable roof, and the wall insulation will be made of 10 cm stone wool with ceramic facade. Apartment 3, with a net closed area of 64.16 m², is located on the 1st floor of the building and consists of a living room, kitchen, two bedrooms, a bathroom, a toilet, and a terrace of 12 m². The interior will feature first-class floor coverings with underfloor heating in bathrooms, and each room and living area will have an inverter smart air conditioning unit. Special attention will be given to carefully landscaping the surroundings. The expected completion of construction and handover is in 09/2024, providing buyers with the opportunity to design interior details according to individual preferences with technical support from the investor.
