Description

Description:	In Jelsa on the island of Hvar, on a land area of 7,000 m ² , a settlement with 12 luxurious urban villas for individual sale and 2 buildings with 12 apartments is being developed. The settlement is located 250 m away from the sea and the town center. Building B, with 6 apartments, will be constructed on a land area of 518.81
--------------	--

m2. High-quality materials and construction standards are being employed in the construction of the building. The structure will consist of three floors (ground floor, 1st floor, and 2nd floor) with a flat impermeable roof, and the wall insulation will be 10 cm of stone wool with a ceramic facade. Apartment 1, with a closed net area of 66.70 m2, is located on the ground floor of the building and consists of a living room, kitchen, bedroom, bathroom, laundry room, terrace of 17 m2, and a spacious garden of 76 m2. Interior features will include first-class floorings with underfloor heating in bathrooms, while each room and living space will have an inverter smart air conditioning unit. Special attention will be given to the careful landscaping of the surroundings. The expected completion and handover are scheduled for September 2024, providing the buyer with the opportunity to design interior details according to individual design solutions with technical support from the investor.
