Description

Description:

A house in a sought-after location in Pješčana uvala, with a total gross area of 360m², with a fascinating view of the sea and the Veruda marina. One of the key selling points is that the house comes with a building plot of 220 m². This provides an outstanding opportunity for future expansion or the construction of an additional facility, adding even greater value and opportunity to the new owner. The house extends over three floors with a 12m² garage. It offers a variety of spaces with a total of 10 rooms, which provides enough space for different needs and preferences. The attic adds additional space and flexibility, while the 14m² and 7m² balconies are ideal for relaxing and enjoying the outdoors. The interior of the house is currently in the process of moving old furniture and additional repairs. It should be noted that the woodwork needs to be replaced in order to maintain and improve the aesthetics and functionality of the house. Considering the 7 parking spaces, the house provides practicality for several cars. Fleeing the city and turning to the sea, the residents of nearby Pula have built a modern settlement and family hotels in Pješčana Uvala for the past thirty years. This bay boasts numerous restaurants, including two of the best in Croatia. There are no gastronomic guides where they are not highlighted, just as there is no significant tourist recognition that they have not received. This settlement can offer a real gastronomic experience. Guests can look for accommodation in private rooms, apartments and family hotels, including those of the highest category. We are at your disposal for additional questions and viewing of this exclusive offer! ID CODE: IS1511442
