Description

Description:	When you drive through Istria from north to south, you feel how the climate and nature are slowly changing. This is best felt when you reach the end of the peninsula in Medulin and a little further to the beautiful suburb of Poses. When you get out of the car, you immediately feel the significant plant scent of Kvarner

and the sea gets the purity you want. And you will see this beautiful sea every day from this top duplex apartment that we present to you and which offers 92 bedrooms, 2 balconies and a terrace on 92 square meters and a sea view from all rooms. When you enter the apartment, you are surprised by how cold it is and how beautiful the layout of the room is, and when you enter the upper part with kitchen and living room and a large terrace, it is quite clear that I would like to have that apartment. On the terrace you have a shower and awning which comes in great in the hot Medulin sun. In front of the building there is a parking lot and only 200 meters from it there is a beautiful beach and all the devices that will make your vacation ideal. Medulin is an ideal place for tourism because guests come non-stop and this apartment is a sure investment because it will work for you.
