Description

Description:	<p>We are selling a fully furnished, energy-independent, green renewable holiday house in an incredibly beautiful place surrounded by vineyards, unobstructed walkways in complete privacy in the town of Karanac - the center of tourism in Baranja. This magical house, although built in 1986, went through a fundamental renovation in 2023 where only the outer walls were kept, while everything else was newly decorated! The house is energetically and functionally independent because it is supplied with solar panels, rainwater and potable well water. A lot of time and love was invested in the house so that every detail is carefully thought out. When we add to that that the house is in such a location where complete privacy is guaranteed, we come to a beautiful story. Heating during the winter is the most beautiful for this type of house in this location - with wood, which gives a</p>

special charm to the overall ambience. In the rest of the garden there is a beautiful orchard, several rows of vineyards, a parking lot with protection from the sun and ice. The house also has a larger outdoor in-ground prefab swimming pool, which adds to the elegance and sophistication of the overall impression. This house is not only a place to rest, but also an investment in your future. Since it is already known as a popular rental destination, you have the opportunity to earn extra income while you are not staying there. Do not miss this rare opportunity to become the owner of an oasis of peace and beauty.
