Description

Description: In the heart of the Istrian peninsula, we present to you an enchanting property that is surrounded by a traditional stone wall, creating an idyllic setting. The yard is

decorated with Mediterranean plants and its maintenance will enchant you at first glance. The center of this property is occupied by a 32 m² swimming pool, surrounded by a sunbathing area, the perfect place to relax. Next to the pool is a house that currently serves as a study. From the study you can access the sterna, a symbol of the Istrian peninsula, which was once used to collect rainwater used for drinking, watering the garden... The path further leads you to a beautiful country house with a total area of 325 m², distributed on the ground floor and first floor. On the ground floor of the house there is a spacious kitchen with a dining room, a living room with access to a covered terrace, a guest toilet and a storage room. Upstairs there are four bedrooms, each with its own bathroom and exit to the terrace with a beautiful view of the village and the surrounding greenery. The interior of this house is functionally arranged and has a rustic character, providing warmth to the space thanks to wooden beams, Istrian stone and an abundance of natural light. A particularly pleasant atmosphere is created by the fireplace, indispensable in the cold winter months. This colorful property is located in a quiet location, surrounded by family houses and holiday homes, and offers many details that will immerse you in the story of Istria.
