Description

Description:	<p>FOR SALE: 5-BEDROOM APARTMENT IN THE HEART OF ZAGREB! This spacious 5-bedroom apartment, situated on the fourth floor of a building without an elevator (external elevator construction is planned), offers a comfortable and adaptable living space in the very heart of the city. The apartment consists of four bedrooms, two bathrooms, a kitchen with a dining area, a workspace, a pantry, and a closed balcony. The north-south orientation of the apartment ensures a pleasant living experience, with cool temperatures in the summer and warmth in the winter. Uniquely, the property includes access to a spacious attic with a slanted roof, corresponding to the co-ownership share directly above the unit. Despite recent seismic activity, the apartment remained undamaged. The building, marked with a</p>

green sticker after a chimney collapse (without structural damage), underwent comprehensive renovations, including a new roof and lightweight chimneys, with plans for upcoming facade restoration on the courtyard side. Additionally, PVC windows and a complete staircase repaint are in the pipeline. Heating is provided by gas stoves, with updated gas pipes in compliance with regulations. Following the latest renovation in 2019, gas boilers were replaced with new electric ones for practical reasons. Previously divided into three separate units, the apartment offers the possibility of easy reconfiguration. Throughout the unit, oak parquet flooring contributes to a warm ambiance, and the 265 cm-high ceilings add to the sense of spaciousness. Despite its central location, the apartment, due to its elevated position, is shielded from traffic noise. Parking around the building is available through a resident-issued red zone permit, providing convenient access to citywide parking. This property is an ideal choice for those seeking an adaptable and well-maintained living space in the heart of the city, with the potential for customization according to individual preferences.
