Description

Description: For sale, one of the last free building plots in the beautiful area of Pješćana uvala, surface area 1000 m². The land is extremely favorable, flat and rectangular in shape, offering the potential for optimal use of space. Given its shape and location, this land represents an ideal opportunity to build your own home, villa or apartment building. The amount of buildability on this land is 30%, providing you with enough space to create a spatial and functional object according to your needs and wishes. With regard to urban regulations, it is possible to build a building with a height of ground floor plus two floors (P+2), which further expands the possibilities of planning and designing the space. Pješćana uvala is known for its peaceful and friendly atmosphere, and is located in the immediate vicinity of beaches and all essential facilities. This land offers a unique opportunity to create a home in a peaceful environment, close to the sea and the nautical marina, at the same time enabling quick access to all the necessary amenities as well as the proximity of the city of Pula. All the necessary infrastructure connections are available and located in the immediate vicinity, which facilitates the construction process. This is an opportunity you don't want to miss - take the chance to create your ideal home or investment project on this outstanding building plot.
