Description

Description:	In the town of Žrnovnica, which is located east of the city of Split, in the passage under Mosor on its southern side and on the northern side of the Perun hill, next to the river Žrnovnica, in the central part of the village, this pleasant and beautiful three-story house with a gross area of 148.19m ² is for sale. This location provides

a balance between peace and proximity to all essential facilities, good traffic connections and proximity to the city of Split, and a distance of 3 km to the sea and the main road leading to the city itself. In the immediate vicinity, there are mostly individual residential buildings and undeveloped land. Parking is available in the immediate vicinity of the subject property along the paved street.

STRUCTURE OF THE APARTMENT: The building is accessed directly from the public area, i.e. a concrete road that leads to its own yard. The apartment has three floors, i.e. ground floor, first floor, attic. Communication between floors is achieved by an internal iron staircase. The adaptation of the house was made in 2010, and it has a renewed high-quality roof that does not require additional investments. The ground floor contains a kitchen, a dining room and a living room, as well as a storage room with a piped installation for the installation of a toilet. The floor has a net area of 36.42 m². The internal stairs lead to the second floor, which contains two spacious bedrooms with a net area of 14.69 m² and 12.53 m² and a bathroom/toilet of 5.51 m². The first floor is 36.38m² in total. Arriving on the 2nd floor, i.e. the attic, which is a total of 34.91m², there are two attic bedrooms. One of them has the most beautiful view of this pleasant house on the rest of the town and the Perun hill. The floor contains another bathroom that is not currently being used. There is also an entrance to the stone cellar or tavern from the yard. **POTENTIAL:** In addition to residential space, this property also has potential for rent. The property is well functional and sustainable, quality construction, plastered and painted. A minor adaptation of the interior space and interior design is required. Overall, this house and this three-story apartment offer a quiet living space close to all essential amenities. In addition, it has the potential to generate income through rent, which makes the house an attractive investment opportunity.
