Description

Description:	<p>BUZET A large building plot for commercial use, with a total area of 16,943 m², is for sale. The land has access from an asphalt road, and is located in a position that is excellent for the construction of a business building. It is located within the area marked G - economic buildings predominantly of artisanal use I2 or industrial production use, and corresponding accompanying and business purposes, within the plateau marked 1.3, 1.6 and 1.10 and part of its area is located in the area of infrastructure facilities - collector roads road S1. On the surfaces marked G, plateau marked 1.3., 1.6. and 1.10. it is possible to build a free-standing building or a complex of buildings, commercial buildings, mainly for craft purposes I2 or industrial production purposes, and corresponding accompanying and business purposes. The built-up coefficient of an individual building plot is at least $kig=0.1$ and at most $kig=0.4$. The utilization coefficient is at least $kis=0.1$ and at most 0.92. The maximum permitted height of buildings is 9.0 m. Canopies are the maximum permitted height of 5.0 m. The maximum permitted number of floors of the building is 2 floors with the possibility of building 3 floors on a maximum of 1/3 of the constructed area of the building (floor plan building projections). * Two industrial facilities are already in operation in the zone (plateaus 1.1 and 1.2), and an economic facility (furniture production) is under construction on plateau 1.4. *</p>
--------------	---

The main access road from the rotor (bypass) to the southern side of the zone is under construction and will be completed on March 15, 2024. years. *
Infrastructure (access roads, electricity, water supply and sewage) have been implemented and are located in the immediate vicinity of the parcels in question, which minimizes the time and investment of starting activities on the parcel NOTE - plateaus 1.3, 1.6 and 1.10 do not represent the final shape of the particles, nor is the drawn road mandatory. This is only a proposed draft that changes in function of the actual needs of the users of the zone.
