Description

Description:	<p>Barbariga, one of the more famous tourist places in the vicinity of the city of Pula, the largest city on the Istrian peninsula. due to its location and proximity to the sea, Barbariga is known for its beautiful sea view and peaceful surroundings surrounded by numerous villas on the hill. Right in Barbariga, a large building plot with a total area of 15167 m² is for sale, which is completely within the construction area. The land has a conceptual project of subdivision for the construction of 24 separate buildings, the construction of a sewage branch on the eastern border of the land is also planned, which is a good thing considering that future real estate will be connected directly to the sewage system. The proximity to the sea is one of the biggest advantages of this rare property on the market. The infrastructure is located at the very edge of the land.
