Description

Description:

Between Umag and Novigrad, there is the magical town of Karigador, which embraces peace and relaxation. In a small town of about 200 inhabitants, visitors can relax and really enjoy the Mediterranean life. Like all Istrians and residents of this city, they love to celebrate their festivals and thus continue to maintain these centuries-old traditions. In the center of the city, just 200 meters from the sea, a luxury settlement is being built where you will be delighted by the location, architectural solutions, peace and good neighbors. Well-known investors, who have already successfully completed similar projects in Novigrad, decided to invest in Karigador, which, due to its proximity to the border with Slovenia, ranks very highly among guests from Central and Western Europe. There are three units in each building: a duplex apartment, an apartment on the ground floor and an apartment on the first floor. This apartment on the first floor measures 63.10 m² (+ terrace 8.85), and the terrace on the roof measures as much as 61.95 m² and on it you can make a jacuzzi or a space for the best parties in town. Be a part of a new wonderful sea story and create your own home or cottage that you will be really proud of. Completion of works, May 31, 2024. The price is without VAT. ID CODE: IS1508595
