### Description

Description:	<p>In Istria, it is difficult to find more isolated places than these around Račiške Brije. Does that mean complete peace for you, interesting settlements on hills with breathtaking views. Of course, these are all gems just waiting to be discovered. Nearby is one of them, a castle of special character, Draguč, which used to be the border between Venice and Austria-Hungary. In the environment of Račiški Brije, several agricultural parcels are sold as a set in nature managed as a vineyard, pasture, meadow and forest. Land is hard to get by. There is a possibility to purchase even more different packets. Untouched and wild nature and peace are the main attributes of this beautiful part of Istria. ID CODE: IS1508288</p>
