Description

Description: ISTRIA, POMER - Modern villa 2nd row to the sea, panoramic view, furnished
We offer a modern villa built in 2015 in the settlement of Pomer, in the second row to the sea, only 200 m away from the first beaches. At the entrance to the yard, you will be greeted by the planned parking lot paved with high-quality paving stones, from which there is a passage to a storage room of 11 m². On the southwest side, there is a 28m² swimming pool, a sunbathing area and

accompanying facilities. There is an open panoramic view of the sea from the sunbathing area and from the pool. Considering the ideal orientation, the pool and all accompanying facilities are illuminated by sunlight all day long, which enables a pleasant stay on the sunbed. Next to the pool, there is a possibility to install a jacuzzi, which would also have an unobstructed panoramic view. There is also a covered area with a dining table on the land. The villa has a total living area of 180 m², divided into 2 above-ground floors, designed as one residential unit. Upon entering the villa, we are greeted by an entrance hall/hallway, a large "open space" area that contains a living room, kitchen and dining room. Communication with the pool and the outside content is done through a glass wall that allows natural light throughout the day. On the ground floor there is also a spacious bathroom with a toilet and a small pantry/storage room. We climb the internal stairs to the upper floor, where there is another bathroom with a toilet and 3 large bedrooms, 2 of which have access to an outdoor covered terrace that offers a fantastic, unobstructed panoramic view of Medulin Bay. What should be emphasized: - The villa is equipped with the highest quality furniture, and it is being sold as such. -Air conditioners in all rooms. - Alarm system, video surveillance and remote controlled gate. -Possibility of installing a fireplace and heating with wood. -Ideal orientation of the living room, kitchen and dining room. - Mosquito nets on all windows. Until now, the villa has been used as a regular tourist rental, so as such it represents an excellent opportunity for investment or for a quiet family life, given that it is located in an extremely quiet neighborhood. The mentioned house represents a very rare and attractive real estate due to its content, quality, location and proximity to all accompanying facilities, and offers the future buyer the possibility of enjoying it in terms of family life, as well as engaging in the catering activity of renting and very fast return of invested funds.
