This house with 6 residential units is located in this small idyllic place, only 600m from the first beaches. The house has a gross area of 400m² and is located on a plot of land of 398m². It was built in 2003, while it was completely renovated and adapted in 2018. The facility consists of 6 residential units arranged in the following order: Ground floor: 1st apartment - 46m² - 1 bedroom, kitchen with dining room and living room, terrace and bathroom 2nd apartment - 40m² - 1 bedroom, kitchen with dining room and living room, terrace and bathroom 3rd apartment - 55m² - 2 bedrooms, kitchen with dining room and living room, terrace and 2 bathrooms 1st floor: 4th apartment - 55m² - 2 bedrooms, kitchen with dining room and living room, terrace and 2 bathrooms 5th apartment - 70m² - 2 bedrooms, kitchen with dining room and living room, terrace and 2 bathrooms 2nd floor: 6th apartment - 70m² - 2 bedrooms, kitchen with dining room and living room, storage room and 1 bathroom Each apartment is equipped with quality furniture, PVC joinery with blinds and mosquito nets, LCD TVs, fully furnished kitchens, washing machines and high-quality Mitsubishi inverter air conditioners for heating and cooling. The apartment on the 2nd floor has a pellet stove as an additional heating option, while in all other apartments there is the option of connecting to the stove and heating via pellets as well as other options depending on your own preferences. Each apartment also has new high-quality security doors with thermal, sound and fire protection. Parking spaces for all apartments are provided in front of and next to the building itself. At the back of the house, there is a beautifully decorated common area for socializing, free for all tenants to use, and there are two large summer kitchens, fully furnished, decorated and roofed, a large fireplace, an outdoor toilet, and various entertainment facilities for the youngest, such as table football and table football. tennis. The house can accommodate 28 guests at the same time, which is a real rarity on the market, because facilities with such a capacity are extremely rare, and the said property turns into a real opportunity for investment for tourist purposes and a quick return on investment, as well as a nice profit in the tourist season. In addition, the business has been completely established for many years, which greatly facilitates everything, because there are guests who have been returning to the same location for years, satisfied with the service and accommodation provided. The location of the house is also more than favorable because guests do not have to worry about parking or going to the sea due to its close proximity and walking distance to the beaches. The property is more than worthy of attention and certainly one of the more interesting of its kind.
