Description

Description:	<p>At only 800 m from the beach and a few hundred meters from the cultural heritage of the old Rakalj there is a large plot of 15702 m². In the still untouched area of Rakalj you can enjoy the beauty of Istrian nature and Mediterranean climate. Thanks to such an environment, this land is a unique opportunity to relax in nature and the peace it offers. This position is also ideal for cycling - road or "off road" - and for long walks, both along the coast and in the woods. From this land it is only a 10 minute walk to the sea. The location offers all the advantages that lovers of Mediterranean nature aspire to, and - in addition to the sea - at the same distance are also a beach bar, restaurant, safari and Luka Bay. The lookout point in the old town of Raklja offers a breathtaking view and mesmerizes every visitor. The area is also known for one of the most beautiful promenades in this area: it is Haustor's promenade, which stretches for a total length of 3.3 km from Cape Sv. Mikula to Kalavojna. The center of Rakalj is 1.5 km away and you can find all the necessary facilities. The land is easy to access and can be reached by an asphalt road. Drywall and trees mark its boundaries, and the boundaries of the land itself are accurately recorded by geodetic markings. In addition to this, other lands are sold from the same owner, so more land can be bought together. The distance from the last urbanization is approximately 600 m.
