Description

Description:	<p>In the hinterland of Opatija, near Matulji, is the village of Bregi. In addition to providing a panoramic view of Kvarner, Brege is loved by people seeking privacy and peace. Within 5 km is the center of Matulji and the first beach. This low-energy detached house was built in 2020. Only quality materials and equipment were used in the construction, which justifies the A + energy certificate. The house consists of an entrance hall, 'open space' living room with kitchen and dining area which opens onto a spacious terrace. An internal staircase leads to the first floor where there are 3 bedrooms and a bathroom, and an exit to the back of the house where there is another terrace, and an additional garden facility arranged as a tavern for socializing and barbecue. In front of that is another terrace and</p>

space provided for the construction of a swimming pool. In front of the house there is parking for 6 cars, four open and two covered parking spaces. Underfloor heating and Fan-coil system are connected to the heat pump, central air recuperation in the house, aluminum joinery with electric shutters, three-layer oak parquet, first-class ceramics. Quality furniture chosen with style is also in the price. This is a real oasis for lovers of quality, panoramic views, quiet location and spaciousness both inside and around the house.
