Description

Description:	<p>The unique position of this field is the main association related to this field, and it is certainly worth to visit. This beautiful, large plot is right on the sea, for its length of 97 meters. The area by the sea is provided for an evv concession. As this is a land with an immense number of Mediterranean plants, it will surely impress nature lovers, or those who know how to take advantage of this natural boon. The access to the plot is possible only from the seaside, and on the other side of the bay there is a place NEREZINE and OSOR that has everything we normally need from civilization. Great story for nature lovers, or those for whom the crowds and tourist bustle is something where they do not want to be, but want to enjoy the smell of olives and lavender, with direct access to the sea.
