The hiking trails of St. Rok and the trail of St. Šimun and the beautiful Sopot waterfall are well-known. In a gentle environment not far from the town itself, this villa is located, the comfort of which you can experience in its 229 m² of net living area and 79.55 m² of covered and uncovered terraces. Its surface extends through the ground floor and basement, offering maximum comfort and practicality. This property is the perfect combination of contemporary design and comfort, providing an ideal space for families or anyone looking for a peaceful retreat close to nature. Thus, the ground floor has an open space designed according to the "open space" system. Here you have the opportunity to spend your time in a beautiful, large living room, flooded with natural light.
