Description

Description:

Poreč is a city in the west of Croatia located on the west coast of the Istrian peninsula. A place that summarizes all the values of the traditional and modern Mediterranean. The charm of the old town with mosaics and sights under the auspices of UNESCO, the tradition of growing wine and olives, local varieties and foodstuffs, quiet bays, a long coast and a green interior is a wealth that has been preserved to this day. Kaiser Immobilien presents three modern apartments of 70 m² located in an attractive new building with an elevator and two parking spaces in front of the building for each apartment. These apartments offer an excellent combination of comfort, contemporary design and functionality. Apartment on the ground floor: With access from the ground and close to the parking lot, it is ideal for anyone who prefers living in ground units. Apartment on the first floor: Provides privacy and a view of nature, but accessible with an elevator. Apartment on the second floor: Emphasizes the feeling of airiness and light and is also accessible with an elevator. Each apartment has an identical layout: a 2.98 m² entrance hall leads into a spacious living area with an open-concept dining room and kitchen of 24.24 m², which naturally continues onto a 7.35 m² loggia - perfect for relaxing and enjoying the outdoors. A corridor of 4.59 m² connects the rest of the apartment and leads to the bathroom with a modern toilet of 5.65 m². Opposite the bathroom is a storage room of 3.88 m² and an additional toilet of 1.35 m². The apartment also has two bedrooms - one of 9.28 m² and the other of 9.26 m² with direct access to a separate loggia of 4.83 m², which further increases functionality and privacy. The apartments are sold unfurnished, but all connections and sanitary facilities are already ready for use. Electric underfloor heating is installed, and each apartment is air-conditioned to ensure a comfortable temperature throughout the year. The building is equipped with an advanced video intercom system with an external unit and thirteen internal units, providing maximum security to the tenants. Future owners have the option of agreeing on the choice of ceramics and interior decoration details in cooperation with the investor, which allows them to personalize the space according to their own taste. Buying directly from the investor allows exemption from real estate sales tax of 3%, which makes this property an additional favorable investment.
