## Description

Description: We offer you a house in a great location in Brtonigla. Although the house is of classic construction, it offers a number of possibilities due to its attractive location and garden. The house consists of two apartments and is spread over a plot of 923 square meters. The apartment on the ground floor includes an entrance hall, kitchen, living room, bathroom, two spacious bedrooms and storage space. On the first floor there is an apartment with a kitchen, living room, bathroom, three bedrooms and a spacious terrace with a sea view. The total floor plan area of the property is 137 m<sup>2</sup>. The yard is spread over two building plots with two access roads and an additional outbuilding with an area of 52 m<sup>2</sup>. Considering the structure of the garden, it is possible to build a swimming pool or another house with its own driveway. The perfect location and spacious garden make this property ideal for the many possibilities of the future owner. Brtonigla is a small town where it is still possible to listen to the harmonious sound of different languages, but also the song of crickets and nightingales, to absorb the traditional values of peasants and fishermen. There you can rest your soul in the shade of centuries-old oaks and authentic stations surrounded by quiet fields over which little churches with horse-bells stand watch, or indulge in the sea atmosphere on the waterfront in nearby Karigador. Brtonigla is also special in that it lies on four different types of land, which at the same time represent all types of soil in Istria, and as a member of the Italian association 'Città del vino', and they meet precisely and only in this area.
