Description

Description:	<p>OPATIJA, CENTER - land with a project for 5 luxury apartments with swimming pools, panoramic sea view OPPORTUNITY! We mediate in the sale of a larger building plot above the very center of Opatija. It is a plot of land measuring 985m² for the construction of a larger building of 600m² BRP + terraces + garage + swimming pools. The building is planned to have a larger garden and swimming pools, and thanks to the location of the field, there is a panoramic view of the sea from every point. The conceptual project for the building consists of a garage, ground floor and first floor where there are 4 larger apartments and a penthouse that extends over the entire second floor. The building plot is located in a quiet, side street above the center surrounded by a forest, due to the fact that it borders the green belt (advantage). The approach is of good quality, water and electricity to the location are present. It is important to point out that the land is surrounded by a quality neighborhood, - there are also steps in the immediate vicinity that lead to the center of Opatija in 7 minutes on foot. The drive to Opatija takes literally one minute. The configuration of the terrain is in a slight decline, and next to this land there are two more construction sites, which results in a well-arranged neighborhood and built infrastructure in the future. One of the rare remaining plots with a panoramic view of the sea, of this size and for this price in the center of</p>
