Description

Description:	<p>ISTRIA, ROČ - The last building plot in the construction zone Roč is a small, typical Istrian town, although not because of its size, as only 150 people live there, but because of its rich cultural heritage that attracts many visitors throughout the year. Roč, like other historic Istrian towns, is located on top of a hill and is only 8 kilometers away from Buzet. It is hard to resist its special beauty. Perhaps it would be known only as another romantic town from a tourist guide if it were not for the extraordinary cultural heritage that is based on the Glagolitic script - the most important Glagolitic graffiti of medieval Istria, the Ročki Glagolitic alphabet, was discovered there as not only the oldest, but also the most complete alphabet with 34 letters. Building land for sale in a quiet place near Roč. Total area 2700 m². The access road to the plot is unpaved, but clean. Electricity and water nearby. An ideal investment for building a family home or holiday home. Dear clients, the agency commission is charged in accordance with the General Business Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 35204</p>
