Description

Description:	<p>We offer a wonderful piece of land with a total area of 115,335 m², the construction part consists of two plots with marked houses and courtyard buildings. The houses have been demolished, there is a foundation on which to build, and one of them has a basement. A wooden house was built in the immediate vicinity of the foundation, which was not legalized, this object was built for temporary residence until the desired house is built. It can be used for living, has an electricity connection and water installation that connects to a large tank. The agricultural part is mostly mowed and used for stimulation, and there is also uncleaned vegetation. The view from the hill is wonderful, you can see the mountain Klek, the surrounding towns and beautiful pure nature. Not far from the house, about 1 km, is a source of drinking water where locals and people from the surrounding area often go to get drinking water. The spring of Vrnjika is about 2.5 km, Plaski 3.5 km, Lake Sinjac 7 km, Ogulin 25 km. A wonderful place to enjoy nature, a larger ranch, farming and ranching, Robinson tourism and installing solar panels. Land worth looking at. ID CODE: 300741004-70</p>
