Description

Description:	An impressive olive grove planted on 6000m2 is for sale. It is located in the municipality of Vodnjan, on a hill that was specifically sought out by a famous agronomist known as the creator of modern olive growing in order to provide olives with all the necessary factors for their quality cultivation. Thus, this location provides olives with sufficient exposure to the sun, excellent microclimate conditions and good, deep soil without stones. 170 15/16-year-old olive trees and a couple of young ones make up a total of 6 Istrian varieties: Buža, Buža Puntoža, Carbonaca, Rošinjol, Žižolera and Marana. The owners have received several gold medals for organic extra virgin olive oil. The land is completely surrounded by a dry wall and a fence, access to it is via a macadam but neat road.
