Description

Description:	<p>A newly built, modern, detached Mediterranean stone villa with a heated pool and a beautifully landscaped garden is for sale. The house is located in a quiet, central part of the island of Krk, only 3 km from the sea and sandy and pebble beaches. This real estate is a valuable and wise investment, as evidenced by its categorization with five stars. The subject villa has a total area of approx. 165 m² and has two floors connected by an internal staircase. On the ground floor there is a large kitchen with a dining room connected to the living room, a bathroom, one bedroom with its own bathroom, a covered terrace with a separate toilet, and an outdoor utility room. On the first floor of the villa there are three spacious bedrooms, each of which has its own bathroom, air conditioning and TV. Two of the bedrooms on the first floor have access to a beautiful large terrace with an open</p>

view, while the third bedroom has a French balcony. All rooms in the villa have private air conditioners, but all rooms except the bedrooms also have underfloor heating. During construction, extremely high-quality materials and interior equipment were used. The villa has a built-in alarm system as well as video surveillance. Within the beautiful garden, which covers an area of approx. 930 m², there is also an open terrace with a heated pool of 36 m², a sunbathing area with deckchairs, a children's playground and a large barbecue, all of which are prerequisites for enjoyment and relaxation. The green areas, i.e. the lawn, are enriched with olive trees and Mediterranean flowers, but the maintenance of the entire garden is solved by a modern irrigation system. Since the villa is located in a small town and is surrounded by stone walls, it provides a feeling of complete peace and intimacy. Private, partially covered parking is allowed for a minimum of four (up to six) cars. The villa is located in a small quiet town surrounded by noise, bike paths and walkways, but there are also local restaurants with an excellent gastronomic offer, well-known wineries with tastings of autochthonous varieties of wine and so on.
