О нас: MAR-ING NEKRETNINE is a Croatian real estate agency, based in Zadar, which is adapted to market development and business conditions with clients in Croatia and outside Croatia.

The agency's way of working, as well as a detailed approach to each individual client, enables the principal to realize his intention to mutual satisfaction.

Recognizing the needs of each client is the basic approach by which we achieve long-term contact and recommendations.

When evaluating real estate, we are guided by a market policy that dictates prices based on the environment, appearance and location.

Within the agency, it is possible to contract services related to:

real estate assessment - market or building value
creation of project documentation
preparation of geodetic projects
legal services related to the resolution of property legal affairs
construction offers related to the reconstruction or new construction of buildings in accordance with project documentation
landscaping services for apartment buildings, gardens of family houses and land areas (removal of waste, small repairs and execution of minor construction works)

In the sale of real estate, we participate as mediators correctly and with the attention of a good businessman, by which we warn the buyer as well as the seller of all possible shortcomings of the real estate in circulation and the ways in which these shortcomings could be eliminated.
